Make Smarter, Better
INVENTORY DECISIONS
with TraknProtect.

The difference between gratification & frustration can be measured in minutes

How TraknProtect works

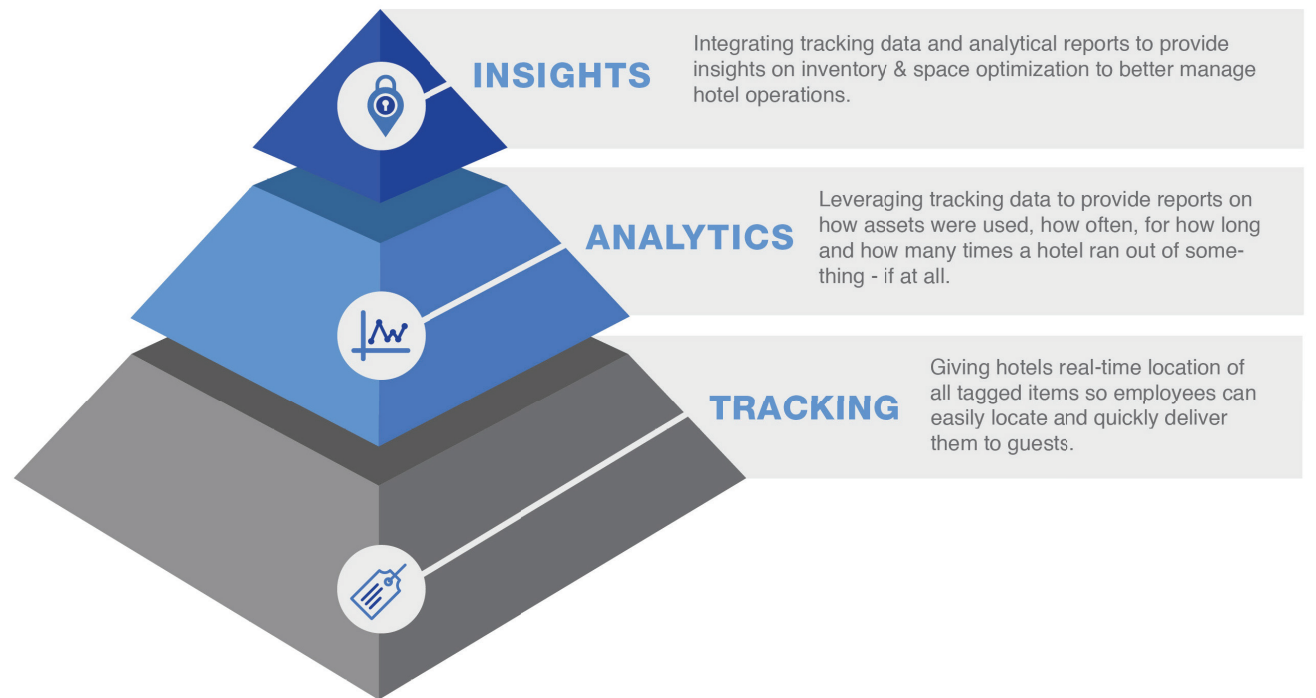

TraknProtect uses Bluetooth beacons and Bluetooth/WiFi hubs to provide you real-time location of all your key assets via the TraknProtect proprietary app. It's that easy!

What can we track: IN HOTELS:

- Rollaway beds
- Fridges/Microwaves
- Cribs
- Bell carts & housekeeping carts.

Hyatt McCormick Place Case Study

TraknProtect conducted a pilot at Hyatt McCormick Place in Chicago. We tracked over 250 items including rollaway beds, cribs, fridges and microwaves.

RESULTS:

- Increased efficiency by 91%
- Reduced average time to deliver items from 17 min to 8 min.
- Employees rated the TnP App 4-or-5-stars almost 90% of the time.
